Pharmaceutical Market in India & Sucantis' Strategic Positioning

India's pharmaceutical industry is the 3rd largest by volume and 13th largest by value globally, contributing to over 20% of the global generic drug exports. The domestic market was valued at ₹2.9 lakh crore in FY 2023, and is projected to grow at a CAGR of 10–12%, driven by:

- Rising healthcare awareness
- Growing middle-class population
- Government schemes like Jan Aushadhi
- Expanding insurance penetration
- Increase in non-communicable disease (NCD) burden

Branded Generic Marketing (India – Herbert David):

- ✧ Under the brand name Herbert David, Sucantis markets a wide range of dry syrups, dry injections, capsules, and tablets across India. Our focus is on building trust with prescribers, distributors, and pharmacies. Promotional efforts include
 - Field force outreach to doctors
 - Trade promotions and retailer incentives
 - Branding support for market visibility in both urban and rural regions

✧ Third-Party Manufacturing (Bulk Supply):

- Sucantis also provides ISO-, GMP-, and GLP-compliant third-party manufacturing services. This enables us to fulfill large volume orders efficiently
- Assist pharma marketers and sellers with high-quality, affordable formulations
- Offer full documentation and packaging flexibility

✧ Merchant Export Model (Africa):

We export through merchant exporters to African markets, ensuring reliable manufacturing, batch compliance, and timely dispatch. Our partners handle in-country registration and distribution.

WHO ARE WE ?

Welcome to SUCANTIS BIOTECH, a beacon of excellence in pharmaceutical manufacturing. We are dedicated to setting the standard for quality, innovation and reliability in every aspect of our operations. Our state-of-the-art facilities and rigorous processes ensure that every product we manufacture meets the highest standards of safety and efficacy with a deep commitment to advancing healthcare, we partner with leading pharmaceutical companies to bring the finest medicaments to the market. At Sucantis, our expertise, precision, and passion drive us to deliver exceptional solutions that enhance lives and support global health. We will be the pioneers in shaping the future of pharmaceutical manufacturing with integrity and excellence.

Our Vision, Mission & Core Values

VISION

To become a globally trusted pharmaceutical partner by delivering innovative, accessible, and compliant medicines that improve health outcomes.

MISSION

To manufacture and supply a wide range of formulations that meet the highest quality standards, leveraging modern facilities and ethical business practices

Certified to Deliver Quality

➤ We proudly hold the following accreditations, which reflect our dedication to pharmaceutical excellence:

➤ **ISO 9001:2015 Certified**

➤ **GMP Certified
(Good Manufacturing Practices)**

➤ **GLP Certified
(Good Laboratory Practices)**

**WHO-GMP &
GLP CERTIFIED
COMPANY**

“These standards ensure compliance, safety, and consistency across every stage of production”

Sucantis Biotech specializes in the following dosage forms:

➤ **Dry Syrups**

➤ **Dry Injections**

➤ **Capsules**

➤ **Tablets**

“Each product is developed using standardized protocols, subjected to rigorous testing and packaged with the highest safety assurance”

- Our manufacturing facility is designed to deliver consistent output while maintaining top-tier quality and compliance with an emphasis on Good Manufacturing Practices (GMP), we ensure:
- Separate production zones for dry syrups, tablets, capsules and dry injections.
 - Validated equipment and SOP-based operations across all departments.
 - Regular quality control checks from raw material to finished product.
 - Qualified and trained staff in production, QA, and QC departments.
 - In-house stability testing and documentation for each batch.

The facility is well-ventilated, cleanroom compliant, and inspected periodically by internal and external auditors. We maintain strict batch traceability and real-time monitoring using batch manufacturing records (BMRs) and in-process checks.

Our production infrastructure allows us to meet small and large-scale order requirements, serving both branded domestic needs and bulk international supplies

Why Choose Sucantis Biotech ?

- ✿ Our manufacturing facility is designed to deliver consistent output while maintaining **top-tier quality and compliance** with an emphasis on **Good Manufacturing Practices (GMP)**, we ensure:
 - Separate production zones for dry syrups, tablets, capsules, and dry injections.
